

# J. ASWANTH KUMAR

Full Stack Developer | React.js | Node.js | MySQL | MongoDB

+91 7448728322 | kumaraswanth486@gmail.com

Chennai, Tamil Nadu, India

## Professional Summary

Full Stack Developer with hands-on internship experience building scalable, production-grade web applications using React.js and Node.js. Proficient in REST API development, JWT authentication, MySQL and MongoDB database design, and responsive UI engineering. Demonstrated ability to reduce manual effort through full-stack automation and digitization. Passionate about solving real-world business problems with efficient, user-friendly software solutions.

## Technical Skills

- Languages:** JavaScript (ES6+), Core Java, HTML5, CSS3, Bootstrap
- Frontend:** React.js, Next.js, Responsive Web Design, Mobile-First Design, Component-Based Architecture
- Backend:** Node.js, Express.js, REST API Development, RESTful Web Services
- Database & Authentication:** MySQL, MongoDB, CRUD Operations, JWT Authentication
- Tools & Methods:** Git, GitHub, Postman, npm, Agile/Scrum, SDLC, Debugging, Code Optimization

## Work Experience

Web Developer Intern | Inotch, Chennai

Nov 2025 – Feb 2026

- Built 8+ RESTful APIs using Node.js and Express.js for product, user, and order management modules.
- Designed and developed responsive, mobile-first UI components using React.js and reusable component architecture.
- Integrated frontend applications with backend services and MySQL databases to implement complete CRUD operations.
- Optimized application code by refactoring repeated logic into reusable utility functions and shared components.

## Projects

### Scrap Management System

React.js | Node.js | Express.js | MongoDB

**Live Demo:** <https://scrap-management-system-ochre.vercel.app/>

- Built a full-stack application to digitize scrap purchasing, sales tracking, and GST billing.
- Implemented a dynamic scrap pricing engine using Node.js to calculate real-time pricing automatically.
- Designed a multi-item purchase module with automated weight aggregation and total calculations.
- Developed MongoDB schemas supporting GST invoice generation and tax-compliant documentation.

### Full Stack Blog Application

React.js | Node.js | Express.js | MySQL | JWT

- Developed a role-based blogging platform with JWT authentication and authorization.
- Implemented CRUD operations for posts and comments using RESTful APIs and MySQL.
- Built responsive React.js user interfaces using reusable components, Bootstrap, and Flexbox.

## Education

Master of Business Administration (MBA) – Technology Management

2026 – Present

Alagappa University (Distance Education)

B.Sc. Information Technology

2021 – 2024

Syed Ammal Arts and Science College

## Certifications

- Generative AI Certification – Artificial Intelligence and Machine Learning Fundamentals
- AWS Cloud Security Workshop – Amazon Web Services Cloud Security Best Practices
- Web Designing Certification – Certificate of Merit, Rank 1

## Languages

English (Professional) | Tamil (Native)
